

Confidently transport everything from fragile medical equipment to heavy industrial loads with our easy-to-manuever carts. Modern design and a variety of available load accommodations make moving items throughout your facility easier and safer for your employees, and more efficient for your organization.

Move it with Service Carts

Features:

- Easily changeable wheels extend the service cart longevity and offers surface-specific customization.
 - Accommodates loads up to 4,800 lbs. and features 2-3 shelves to meet clearance and overall capacity needs.
 - 12-gauge steel shelves and two swivel roller bearing wheels make for maximum strength and maneuverability.
-

Move it.

Store it.

Organize it.
