

Jamco Products

Your Source for All-Welded Carts, Flammable Safety Cabinets, Platform Trucks, Cabinets, Workbenches, Tables and more!

Our Quality Serves You Longer

2021 Catalog

Jamco's all welded construction is extra heavy duty for durability of the products used to store or transport materials such as mobile and fixed workstations, transporters and storage cabinets. Our products will outlast and outperform bolt-together and lighter gauge welded products many times over.

Increase your productivity and safety! Jamco offers load-tested, durable products for longer lasting service, and versatility for economical acquisition and low cost maintenance.

Best Quality Available:

- All-welded steel construction
- All casters are bolt on for easy replacement and upgrade, without replacing the complete unit
- All items are brick static load tested to ensure capacity accuracy and are mig/tig and/or spot welded for industrial use
- Durable, powder coated finish on all steel products

Large Selection:

- Carts and Trucks – 12-gauge shelves
- Platform Trucks – 12-gauge decks
- Safety Cabinets – 14-gauge door fronts and weld hinges
- Storage Cabinets – 12 and 14-gauge all-welded cabinets
- Workbenches – 12-gauge with risers, drawers, and more
- Work Tables – up to 1/4" plate and 16,000 lb capacities

Superior Service:

- Quick Response – hands-on, knowledgeable customer service personnel are available via phone or email
- All products sold through major national distributors

- Most items are packaged on skids (unless otherwise noted). Add 60 lbs. to model weight to get shipping weight
- Ship location is located in South Beloit, IL 61080
- All products are *Proudly Made In the USA* by Jamco Products

Jamco Heavy Duty Safety Cabinet Features

More steel than other brands; FM Approved

14-gauge doors are 56% more steel than 18-gauge of others, superior weld hinges with brass pins give greater support. Doors have flush handles. Features our patented flame arrester vents. Meets OSHA, NFPA code 30, UFC 79 standards, and are FM APPROVED. Powder Coated Yellow (Flammable), Red (Paint and Ink), Blue (Corrosive), Green (Pesticides) and Gray (Hazardous Waste).

1. Exclusive gas cylinder, self close mechanism; fully concealed, no rods to bend or break
2. Flush mounted paddle handle
3. Twin flame arrester vents (*Jamco Patent No. 10,463,896*)
4. 4" Heavy duty weld hinge with 3/8" brass pin
5. Grounding connector
6. Lead fusible link
7. Adjustable leveling feet

8. 2" leakproof sill for spill containment
9. 16-gauge louvered shelf supports to adjust shelves on 3" centers
10. 3-point locking system
11. Rounded safety corners on doors
12. Safety signage in large red lettering
13. Heavy duty 14-gauge door

Model BM

Manual close cabinet for flammable liquid storage

Product Features:

- All welded double wall 18-gauge construction with 1-1/2" insulating air space
- 2" leakproof sill to contain leaks
- Lockable flush mounted handle with 2 keys
- Doors have 3 point locking system and radius edges
- Doors are double walled, 14-gauge outside and 18-gauge inside
- 4" heavy duty weld hinges with 3/8" brass pins
- Twin 2" flame arrester vents
- Adjustable leveling feet
- Safety signage in large red letters
- Galvannealed steel shelves adjust on 3" centers
- Grounding connector
- Meets OSHA, NFPA Code 30, UFC 79 Standards and are FM Class 6050 approved
- Manual close doors open full 180°
- Powder coated yellow finish

Options: (Contact customer service for pricing)

- Additional galvannealed shelves - see charts

Model BS

Self close cabinet for flammable liquid storage

Product Features:

- All welded double wall 18-gauge construction with 1-1/2" insulating air space
- 2" leakproof sill to contain leaks
- Lockable flush mounted handle with 2 keys
- Doors have 3 point locking system and radius edges
- Doors are double walled, 14-gauge outside and 18-gauge inside
- 4" heavy duty weld hinges with 3/8" brass pins
- Twin 2" flame arrester vents
- Adjustable leveling feet
- Safety signage in large red letters
- Galvannealed steel shelves adjust on 3" centers
- Grounding connector
- Meets OSHA, NFPA Code 30, UFC 79 Standards and are FM Class 6050 approved
- Self close doors shut, index, latch automatically as fusible links melt under fire conditions at 165° F
- Concealed self closing mechanism
- Powder coated yellow finish

Options: (Contact customer service for pricing)

- Additional galvannealed shelves - see charts

Our Bins

Jamco uses heavy-duty industrial-grade AkroBins and Shelf Bins manufactured by Akro-Mils

AkroBin Features:

- Curved-bottom hopper front makes it easy to retrieve small parts
- Bins are resistant to weak acids and alkalis
- Water, rust and corrosion-proof
- Large front label area for easy coding and scanning

Shelf Bin Features:

- One-piece construction is waterproof and resistant to grease or oil
- Wide hopper front allows easy access
- Works in temperatures down to -20° F
- Bins nest when empty to conserve space

Model XZ

Stainless steel 2 shelf supply cart with 3" deep lips

Product Features:

- All welded construction (except casters)
- Stainless with premium polished shelves in durable 16-gauge
- 1-1/2" stainless corner angles, and stainless caster mounts
- Bolt on casters, 2 swivel and 2 rigid, for superior tracking
- Caster rigs available in steel or stainless for urethane wheels and steel only for semi pneumatic wheels
- Tubular handle with smooth radius bend
- Clearance between shelves - 22"
- Overall height -35", (39" with 8" casters)

Additional options available, see page 85 for details.

Model XL

Stainless steel low profile - raised offset handle cart

Product Features:

- All welded construction (except casters)
- Stainless with premium polished shelves in durable 16-gauge
- 1-1/2" stainless corner angles, and stainless caster mounts
- Bolt on casters, 2 swivel and 2 rigid, for superior tracking
- Caster rigs available in steel or stainless
- Raised offset tubular handle with smooth radius bend for comfort and uniform appearance
- 1-1/2" shelf lips down (flush) for easy loading
- Bottom shelf has 1-1/2" shelf lips up for retention
- Clearance between shelves - 17"
- Overall height (excluding handle) is 27"

Additional options available, see page 85 for details.

Mobile Stainless Work Stand, Cabinet, Cart & Truck Options:

Contact customer service for pricing information

- All swivel casters (4)
- Wheel brakes on the 2 swivel casters
- Front leg "L" bumpers

Options not available on all carts, trucks, cabinets or work stand. Please contact us for additional details.

Casters Selection Guide:

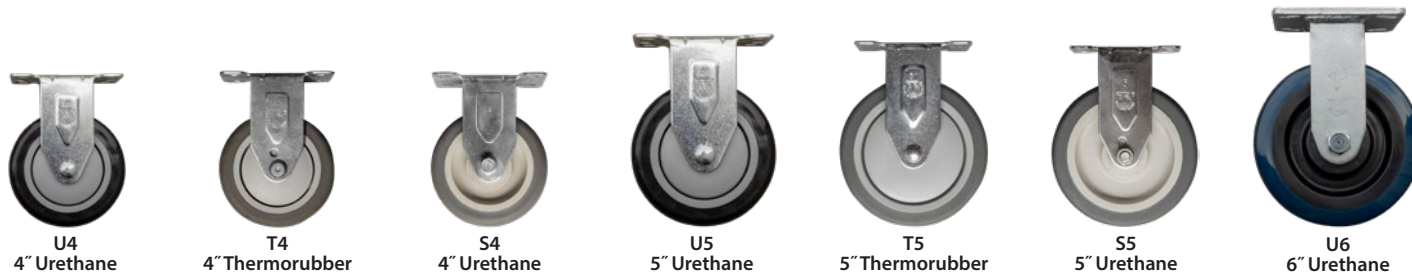

The more uneven the rolling surface (including debris), the larger the wheel diameter should be. Hard casters are best for hard floors; softer casters for soft or rough floors. Generally, harder casters/wheels will roll easier than soft casters; larger diameter casters/wheels will roll easier and require less force than smaller ones. Optional floor locks and wheel brakes prevent runaway carts.

Standard Casters & Wheels	Description	Floor Surface			Floor Conditions			Other Factors to Consider						
		Asphalt / Brick / Ceramic Tile	Carpet / Linoleum	Concrete	Steel Grate / Dock Plate	Chemicals	Debris / Metal Shavings	Slippery / Wet / Steam	Non-Marking / Floor Protection	Noise	Cushion Load	Impact Resistance	Caster Weight Capacity	Rolling Ease
Phenolic	For demanding applications, a budget-friendly option that offers high strength, is non-conductive, and resistant to oils or grease.	X	▣	■	X	X	X	■	X	X	X	X	■	■
Polyurethane, Urethane	Chemically bonded to a metal core, polyurethane wheels are more durable than other materials, deliver excellent mobility, a cushioned ride and long life when subjected to heavy loads.	■	▣	■	▣	▣	▣	■	■	▣	■	■	■	▣
Full Pneumatic, Semi Pneumatic	Air-filled for excellent shock protection, floor protection and easy operation over rough surfaces.	■	X	■	■	X	X	▣	▣	■	■	■	▣	X
Thermorubber	Soft gray rubber wheel provides excellent floor protection and a cushioned ride while resisting chemicals, acids, oils and caustic substances.	■	▣	■	▣	■	▣	■	■	■	■	■	▣	▣
Mold-On Rubber	Designed for medium to heavy loads, these wheels with cushioned rubber tread are quiet and provide good floor protection.	■	X	■	▣	X	X	▣	▣	■	■	■	▣	▣

■ = Excellent ▣ = Ok X = Not Recommended

A generous selection of caster and wheel options allows carts, trucks, wagons and mobile tables to be customized to fit your needs. Caster and wheel choices allow you to resolve problems of noise control, floor protection, impact and abrasion resistance or load capacity.

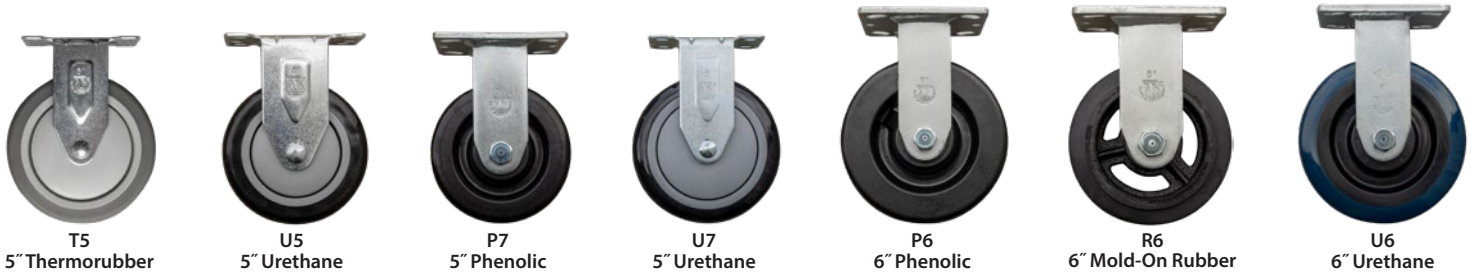

Casters for Stainless Steel Products:

Code	Size (in)	Bolt Hole Pattern (in)	Rig	Wheel Material	Bearing	Capacity (set of 4)	Brake Locks*

The Fine Print:

- **Product Guarantee:** Your Jamco product will be free from material and workmanship defects for a period of one year from the date of shipment and limited to product replacement (Safety Cabinets are ten years)
- **Product Satisfaction Guarantee:** Jamco provides a 30 day (from shipment date) return policy on standard products and standard model colors (excludes 36" wide Carts, Trucks and Platforms and same model over 6 units).
- All sizes in the Jamco Catalog and on the Jamco website are nominal, if you need exact sizes please contact customer service.
- Returns require a RETURN AUTHORIZATION NUMBER - include RGA # on shipping papers, palletize product, wrap and ship prepaid to Jamco - call dealer for RGA #. All returns are subject to restocking and damage charges.
- Our Prepay and Add Freight Program will handle claims as long as the ship to party inspects the goods and refuses damaged items from the freight carrier. On your specified carrier, we do not handle claims or accept charges for reclassifications, special delivery, or other charges. (Please inspect all received goods).
- All weight capacities are evenly distributed between shelves and over the full area of the shelf. Please contact customer service with concerns before ordering.
- Jamco Products Inc. reserves the right to make minor design changes without notice. If you require a product to be an exact match, contact customer service before ordering your product. Bins and accessories will be replaced with comparable items, but not necessarily the same color, size or design.

Jamco's all welded construction is extra heavy duty for durability of products used to store or transport materials such as mobile and fixed workspaces, transporters and storage cabinets; and will outlast and outperform bolt-together and lighter gauge welded products many times over.

Our principle of operations is simply: To Offer the Best Quality - Today and Tomorrow.

All Jamco Products items are made in the USA.

Our commitment to Total Quality includes serving you better, faster, and longer so that Jamco is your best source for heavy duty, all welded:

- *Steel Industrial Carts, Platforms, and Trucks – 12- and 14-gauge steel*
- *Stainless Steel Industrial Carts, Platforms, and Tables – 16- and 20-gauge stainless steel*
- *Steel Cabinets – safety, security, plastic bin, fire resistant, gas cylinder, and 14- and 12-gauge welded*
- *Stainless Steel Cabinets – wall mount and free standing in 18-gauge*
- *Steel Industrial Tables and Workbenches – up to 16,000 lbs. capacity, from 12-gauge to 1/4" thick tops*
- *Stainless Steel Industrial Workbenches – up to 1,500 lbs. capacity, 14- and 16-gauge stainless steel*

Jamco Products is a Myers Industries, Inc. Company (NYSE: MYE). Founded in 1933 in Akron, Ohio, Myers Industries is a leading manufacturer of polymer products for material handling and a distributor of tire retread and repair products, serving growing markets from agricultural to medical and automotive to commercial.
