

# Experience the Jamco Difference

Jamco is a top designer and manufacturer of heavy-duty, steel material handling carts, storage containers and safety cabinets used across many markets.

*Our Quality Serves You Longer*

## Why Choose Us?

We are a turnkey solutions provider offering the highest quality welded products in the industry. We are proudly made in the USA.

- ① **WE WANT TO HELP.** Understanding our customer's needs sets us apart. We will help you select the most efficient transportation and storage solution to meet your productivity, safety, or sanitary concerns.
- ② **WE BUILD THE BEST.** We commit ourselves to Total Quality... building the best, most durable all welded products with competitive lead times.
- ③ **WE WANT YOU TO RETURN.** Our goal is to exceed your expectations and build a relationship. We offer superior hands-on customer service with quick responses

## Our Advantage

Jamco's all welded construction is extremely heavy duty for durability of the products used to store or transport materials. Our products will outlast and outperform others!

- All welded steel and stainless steel construction
- Medical grade casters - antimicrobial and silent
- Durable, powder coated finish on all steel products
- All items are brick static load tested to ensure capacity accuracy and are mig/tig and/or spot welded
