

Versatile Organization Everywhere You Need It

Organize work areas while expanding storage space with these nesting and stacking Shelf Bins. Made of sturdy one-piece construction, Shelf Bins are resistant to weak acids and alkalis. They are also water, rust, and corrosion proof.

Organize it with Shelf Bins

Features:

- A variety of sizes, colors, and optional bin cups or dividers facilitate quick identification of contents.
- Works with 12", 18", and 24" deep shelving, pick racks, and vertical storage.
- 6" height option holds up to 85% more than the traditional 4" size.

Move it.

Store it.

Organize it.

Shelf Bins Plastic Storage Container

Lip design allows effortless forward tilting of the bin on racks, ensuring spill-free retrieval

Works with 12", 18" and 24" deep shelving, pick racks or vertical storage and retrieval units

Shelf Bins outlast corrugated bins—reducing replacement costs

Customize with bin cups, dividers, card stock labels, and extended label holders
